Name of activity (examples of current activities include Tutoring, Make the Difference Day, Residential Support Officer)	Tutoring
Description of activity	Student volunteers are trained as tutors and provide a range of support in local schools.
Academic term in which activity is to begin?	Autumn
Is participation in the activity measurable? (*E.g. A one day event, 30 hours total, 10 weeks of 3 hours, an elected position for a year.)* Please provide details.	Yes – students participate in a number of tutoring sessions lasting 2 hours.
Approximately how many students do you anticipate taking part in this activity over the academic year?	30
Who is responsible for validating students' participation in the activity ? *(e.g. Area Leader, student, external stakeholder?)*	Tutoring and Mentoring Area Leader
RHP uses a points tariff to indicate achievement of an activity (i.e. completion of agreed participation). When, and at what threshold, would you consider this activity to have been achieved? *(e.g. On completion of 30 hours, by a certain date e.g. end of April for an elected position.)*	On completion of 10 tutoring sessions.
Would you be willing to enter and record students progress against this activity on a spreadsheet or other system?	Yes
Are activities generally completed by the beginning of May? If not, please give details.	Yes
Would you be willing to agree a cut off date for this activity during a given academic year and conform to set timescales for providing data?	Yes
Is this activity available to the entire student population or restricted to a particular cohort (e.g. undergraduate or within a certain academic department)?	Any student can become a volunteer tutor
Do students receive payment for delivering / taking part in the activity?	No
Does this activity overlap with any other department or contribute to any other College/non-College Award e.g. V+?	No
Are there any external stakeholders/ organisations/ employers involved in this activity?	Local schools
Is there a limit to the number of students who can participate on this activity during a given term? If so, how do you select them?	No limit
