

**Centre for Public Services Organisations (CPSO)**  
would like to invite you to our next seminar:

**Wednesday, 18th of November 2009, 1-2 pm**  
**ABG03, Arts Building, Royal Holloway**

*" Privacy management and Patient Information Flow in  
the Extended Choice Network: a sociological exploration  
of the professional-technological interface "*

Speaker: **Dr Iain Crinson,**

Senior Lecturer in the Sociology of Health and Health Policy, St George's  
Medical School, London

*The presentation examines our understanding of the human actor side of the socio-technical study of organisations (specifically information security). It is concerned with the flow of medical records (both electronic and paper) as they move across healthcare organisational borders and the related privacy and health professional consent attitudes and behaviours across this flow.*

**Light lunch is provided at 13:00**

**Students are very welcome.**
