FORMAL BUSINESS

1. MEMBERSHIP OF COUNCIL

NOTED that this was the last meeting for the Vice Chair of Council Iain Ross. Iain was thanked for ten years' service to College and Council.  

NOTED that Council, at its meeting on 5 October 2016, had discussed and agreed to elect two Vice Chairs which required changes to the Act. At that time it was expected that these changes would be made alongside the work underway for University status and the Charity Scheme. The Scheme was still being worked on and changes to Statute to allow Council to have two Vice Chairs were pending completion of the Scheme.
NOTED that Council, at the meeting on 5 October 2016, had designated Ann Ewing as Vice Chair elect with Nick Perryman as the second Vice Chair dependent upon the completion of the changes to allow two Vice Chairs.

AGREED to elect Ann Ewing as Vice Chair for a term of office from 1 August 2017.

NOTED, following elections held during the summer term, the appointment of Dr Bob Fitzgerald to a first term of office and the reappointment of Professor Liz Schafer for a second term of office. Both terms of office effective from 1 October 2017 to 30 September 2020.

Noted the membership of Council for the academic year 2017/18:

2. MINUTES
APPROVED and SIGNED the minutes of the meeting held on 10 May 2017 (M17/67-M17/119).

3. MATTERS ARISING FROM THE MINUTES
None

4. REGISTER OF INTEREST
NOTED members were invited to indicate any conflict of interest, not previously declared, with an item on the agenda.

NOTED that the Principal was currently UUK’s alternate Director for the Office of the Independent Adjudicator. The declaration was made in relation to item 10.2. The Principal was also about to be appointed as a Director of HESA which would be responsible for the new DELHE data monitoring graduate employment outcomes.

5. UNSTARRING OF ITEMS
None
PART A: MAJOR ITEMS OF BUSINESS

6. THE CHARITY SCHEME AND UNIVERSITY TITLE

6.1 RECEIVED an update on progress with the Charity Scheme (CL/17/38) which was delayed by the Charity Commission's view that the Scheme was contingent on the University of London's Bill receiving Royal assent in the autumn. Through legal advisers Eversheds, the Charity Commission had been advised that HEFCE had indicated they were content with the proposed Scheme.

NOTED the updated draft Scheme following comments from the University of London.

6.2 RECEIVED an update on the progress with application for university title (CL/17/39) and NOTED HEFCE and the Department for Education were content for the federal colleges to submit the application for university title in advance of the University of London’s Bill receiving Royal Assent.

CONSIDERED the following resolution to apply for university title:

"Subject to the passing of the University of London Bill 2017 and it receiving Royal Assent, the Council of Royal Holloway and Bedford New College has resolved to seek university title. The Royal Holloway and Bedford New College does not intend to seek a change of name at this time."

RESOLVED, unanimously, to proceed with the application for University title and for the Chair of Council to sign the letter of application on behalf of Council.

7. PRINCIPAL’S REPORT

7.1 RECEIVED a report from the Principal (CL/17/40) and NOTED the appointment of Nicola Dandridge, currently chief executive of Universities UK (UUK), as the chief executive of England’s first Office for Students (OfS).

NOTED consideration of the broader implications of the general election and the likelihood of a further election before the end of the normal parliamentary term. The strength of the student vote and the labour party’s apparent commitment to the removal of tuition fees raised the prospect of pressure on higher education financing whichever party was in power and could lead to reintroduction of student number controls or resistance to increasing fees by inflation. Financial modelling of three possible future scenarios had been carried out along with consideration of the College’s response.

NOTED the key findings of research undertaken for UUK into students’ perception of the relationship with universities, what was important to them and how trust could be built between student and university. In addition to high levels of service, personalised advice and support the research reported on student perceptions of value for money which were based on what they expected from their studies, particularly employment, as well as their personal experience of studying:

- Good facilities available for studying
- Future career prospects
- High quality lecturers and tutors
- High quality course content
- Academically challenging.

(Note: as prioritised by UUK research findings)
NOTED that, whilst being pleased with the TEF Silver, College would continue to focus on improving three underlying metrics to move to Gold; improving academic performance measures, graduate employability and student progression. The narratives submitted by other institutions that impacted the results and helped to raise an institution from Silver to Gold would also be analysed.

NOTED that graduate employability (DELHE) improved by 3% to 71.9% this year, in addition to the 5% achieved last year. Notably this was achieved in a sector where scores are generally static.

NOTED the change from the DELHE measure to the HESA’s Graduate Outcome (GO) measure in one year’s time and the Department of Education introduction of a new employment measure known as the Longitudinal Educational Outcomes (LEO) dataset.

NOTED the review of the fire risk in College buildings following the Grenfell Tower incident, and the steps taken following the cyber-attack on UCL which highlighted the value of "Janet".

7.2
NOTED the update of the Strategic Plan (CL/17/41) which included priority actions for 2017/18, an update of some of the KPI’s and a review of the key risks that may impact performance. NOTED that the Audit and Compliance Committee reviewed the full risk register at its meetings.

7.3
NOTED the update on progress of the Estates major projects (CL/17/42). The Emily Wilding Davison (EWD) Building and the George Eliot Halls were approaching completion. Although there was some delay with EWD there was no material impact and it was still anticipated that College would take possession of the building on 21 August 2017.

NOTED progress of the Science building and Bedford Library repurposing, development of the business case for the Music and Media building and the initiation of work to define and scope essential repair and maintenance to the exterior of the Bourne building.

NOTED the good return on investment being achieved from the operation of Rusham Park and that Council would receive a fuller report in due course.

REPORT FROM THE CHAIR OF COUNCIL RECRUITMENT GROUP (additional item)
NOTED that The Chair of Council’s term of office would end on 21 November 2018 and a working group had been established to recruit the next Chair of Council. The group was led by the Vice Chair of Council Ann Ewing with members Gerry O’Hagan, Nick Perryman, Sarah King, Jeremy McIlroy and David Ashton.

NOTED that the group had completed a review of potential executive search partners, shortlisted three from whom proposals were requested, and held a formal review process. As a result, the group proposed Perret Laver, a firm with credibility and relevant experience of supporting recruitment to similar high profile senior positions in the sector. It was suggested that the contract include a performance related break clause that could be implemented if, when reviewed by the working group, the longlist of candidates was considered to be inadequate.
AGREED to proceed with Perrett Laver and that Council would approve the recruitment brief; members would suggest any nominations or recommendations for suitable individuals and Council would review the longlist of candidates from Perrett Laver, also reviewed by the working group, and anticipated to come to the November 2017 meeting of Council NOTED the associated search fee and approved this investment.

8. TEACHING EXCELLENCE FRAMEWORK
NOTED a report on the Teaching Excellence Framework (CL/17/43). As anticipated, Royal Holloway received a silver award in the Teaching Excellence Framework (TEF) 2 evaluation. Just over 50% of institutions with a TEF result were also awarded silver with the remaining 50% being split almost equally between gold and bronze.

NOTED that College would focus on the areas where improvements could be made and the presentation of the narrative to support the case to seek a Gold award in the next round.

9. FINANCE
9.1 RECEIVED an update on progress with the development of the College Financial Strategy to 2021/22 (CL/17/45). The updated strategy had been subject to further scrutiny by Finance Committee and Council Executive following the May meeting of Council. The Financial Strategy focussed on the investment required in the College infrastructure and demonstrated how investment capacity would be retained in years six to ten of the Strategy in order to ensure College’s longer term financial and wider sustainability.

DISCUSSED the range of options available for funding the investment programme, including the leverage of assets, and the College’s current relatively high level of gearing compared to the sector. Finance Committee had considered, in detail, the options for funding the level of investment identified and the outcomes of sensitivity analysis that had been carried out.

AGREED the Financial Strategy. College Executive should proceed with the residences operating model and go to tender to procure a residences partner and also to tender for a banking facility of up to £40m for a term of up to five years.

AGREED that College project governance would be conducted in accordance with the College’s usual arrangements and Finance Committee would provide the most detailed scrutiny and oversight of the implementation of the financial strategy on behalf of Council, with Council retaining responsibility for final approval.

9.2 RECEIVED the update of the financial forecast for 2016/17, the proposed 2017/18 College budget and the financial plan to 2021/22 (CL/17/44).

NOTED the key assumptions in the financial plan that the student numbers would increase to 10,500 by 2020/21 in line with the College strategy and that the significant levels of capital investment detailed in the capital expenditure forecast would be achieved. NOTED the limiting factor of the amount of cash available to fund the full capital programme.

NOTED the forecast surplus for the 2016/17 year end, as at April 2017, of £9.2m, £0.7m higher than forecast in December 2016 and £2.3m higher than budget. Taking into account the areas where potential variances may arise the plausible range of surplus was £7.5-£11.0m.

NOTED the forecast cash position at the year end 2016/17 and monthly forecast for 2017/18 which showed wide scope for variance depending upon the progress of major projects,
project contingencies and the precise timing of expenditure. Finance Committee and Council would receive reports at every meeting.

NOTED the key assumptions for the 2017/18 budget and the risks and opportunities. The 2017/18 budget forecasted a surplus before other gains and losses of £8.1m (4.5% of income) against income of £179.7m, an increase of £11.4m (+6.8%), with increased expenditure of £171.6m (up £11.5m, +7.2%) and a surplus decreased by £0.1m.

NOTED the financial plan 2017/18-2021/22 the key assumptions underlying the plan and the key risks and possible mitigating actions. The plan had been satisfactorily stress tested by modelling both singular scenarios in isolation and a combination of scenarios.

APPROVED the budget for 2017/18 and the commentary and financial forecasts to 2019/20 for submission to HEFCE in accordance with circular letter 14/2017 and subsequent guidance.

10. STUDENTS MATTERS
10.1 RECEIVED the annual report from the Students’ Union (RHSU) (CL/17/46) as required by the 1994 Education Act and providing an update on the work of the Students’ Union in 2016/17.

NOTED that Finance Committee received the Students’ Union budget for 2017/18 at its meeting on 8 June 2017.

NOTED good progress towards achieving two overall goals measuring impact and satisfaction of students with RHSU with the aim of achieving 80% satisfaction by 2020.

10.2 NOTED the annual statement from the Office of the Independent Adjudicator (CL/17/47) which reported the student complaint cases submitted to the OIA in the 2016 calendar year.

11. ACADEMIC MATTERS
11.1 APPROVED the membership of Academic Board for 2017/18 (CL/17/48)

11.2 APPROVED the academic structure for 2017/18 proposed by the Academic Board (CL/17/49).

12. GOVERNANCE
APPROVED the establishment of the new Council committee and the terms of reference for the Council Academic Quality Assurance Committee (CL/17/50).
