It was confirmed that UCU industrial action would be suspended in order to allow time for further negotiation and it was hoped that there would be no long term disruption to the student experience.

DISCUSSED appraisal of Council members or a self-assessment process such as that available through the National Charity for Voluntary Organisations (NCVO) or CUC.

8.2 RECEIVED the revised Standing Orders (CL/14/53) as an example developed from the current draft Statutes that set out the procedure of how Council and its Committees conduct their business and carry out their obligations under the Act, College Statutes and other Regulations applicable to College. The detail of the Standing Orders would be finalised by Council once Statutes had been submitted to Privy Council for approval.

8.3 APPROVED a recommendation from Council Executive Committee to co-opt from the pool of future members to Council committees (CL/14/54) as a means of introducing these members to the role of governance in the College.

9.1 RECEIVED the annual report of Key Performance Indicators (CL/14/55) that showed over half the key performance indicators rated as "green" representing good progress compared to the previous year.

NOTED the number of students selecting the College as their first choice was 66% in 2012/13 and increased to 80% for 2013/14 achieving the target set for 2020.

NOTED that the number of staff who participated in an annual review had risen to 70% compared to the ambition for 2020 of 95%. Further appraisals were scheduled for some of the remaining 30% and further follow-up with the managers of the remainder would be undertaken.

NOTED that progress in reducing the professorial gender pay gap fluctuated due to the small number of women in some of the groups; small variations result in large changes. The data would be updated following the autumn 2014 pay audit and be reported in Spring 2015. Whilst the professorial gender pay gap was currently 7% and the ambition for 2020 across any staff group was less than 5% it was NOTED that there were other groups showing greater pay gaps; 12% for manual workers and 17% for administrators in grades 6-10. These groups were more recent additions to the category and would be broken down into sub groups in order to identify the particular areas where there were issues.

9.2 NOTED the reviewed and updated RHUL Strategic Risk Register (CL/14/56) with three new risks; the risk of potential delays to the capital programmes, a risk relating to cyber security in addition to that relating to falling Home/EU PGT recruitment and the updated quantification of risk impact.

NOTED the progress with the Council Effectiveness review and prompt publication of the draft Council meeting minutes to improve transparency and share current information.

NOTED the challenge of managing priorities and sometimes conflicting demands on staff workload. Actions in the Strategic Plan were prioritised through the planning process and managed by the Heads of Departments. Issues should be reported to the Academic Board for resolution and, if significant, Academic Board would raise the issue for discussion at Council.

9.4 APPROVED the priority actions for the implementation of strategic goals during 2014/15 (CL/14/58)
10. **EQUALITY & DIVERSITY STRATEGY**

An action plan had been developed for the 2014/17 scheme and the first year priorities included the development of annual action plans with key milestones and performance indicators, improvement of the collection and reporting of equality data and the conduct of an equality pay audit.

NOTED the lessons learnt from the planning process and AGREED that Council Executive Committee would consider the detail of any proposal, such as a Planning Performance Agreement, were such a proposal to be raised by RBC.

11.2 NOTED the approach being taken to manage the enabling works and interdependencies within the Estates Development Programme (CL/14/61) and the setting up of the Estates Delivery Group to manage the risk related to the complex building programme.
