

Name of activity (examples of current activities include Tutoring, Make the Difference Day, Residential Support Officer)	Tutoring
Description of activity	Student volunteers are trained as tutors and provide a range of support in local schools.
Academic term in which activity is to begin?	Autumn
Is participation in the activity measurable? (E.g. A one day event, 30 hours total, 10 weeks of 3 hours, an elected position for a year.) Please provide details.	Yes – students participate in a number of tutoring sessions lasting 2 hours.
Approximately how many students do you anticipate taking part in this activity over the academic year?	30
Who is responsible for validating students' participation in the activity? (e.g. Area Leader, student, external stakeholder?)	Tutoring and Mentoring Area Leader
RHP uses a points tariff to indicate achievement of an activity (i.e. completion of agreed participation). When, and at what threshold, would you consider this activity to have been achieved? (e.g. On completion of 30 hours, by a certain date e.g. end of April for an elected position.)	On completion of 10 tutoring sessions.
Would you be willing to enter and record students progress against this activity on a spreadsheet or other system?	Yes
Are activities generally completed by the beginning of May? If not, please give details.	Yes
Would you be willing to agree a cut off date for this activity during a given academic year and conform to set timescales for providing data?	Yes
Is this activity available to the entire student population or restricted to a particular cohort (e.g. undergraduate or within a certain academic department)?	Any student can become a volunteer tutor
Do students receive payment for delivering / taking part in the activity?	No
Does this activity overlap with any other department or contribute to any other College/non-College Award e.g. V+?	No
Are there any external stakeholders/ organisations/ employers involved in this activity?	Local schools
Is there a limit to the number of students who can participate on this activity during a given term? If so, how do you select them?	No limit
