SELF - DEFENCE TRAINING
The chances of you or a member of your family becoming a victim of personal crime are very low. But anyone can find themselves in a vulnerable position and everyone should take simple precautions as part of everyday life.

On foot
• Look confident and act confidently.
• Cover up jewellery, mobile phones, personal music players and keys.
• Avoid walking home alone after an evening out. Walk with friends or take a taxi (from a reputable firm).
• Never hitchhike.
• Consider carrying a personal attack alarm.
• If you have to walk, avoid short cuts in lonely areas. Keep to well-lit, busy streets.
• Always walk facing oncoming traffic so a car cannot pull up behind you.
• If you regularly go walking or jogging, vary your route.
• Avoid using a personal music player or mobile phone while walking or jogging. They can distract you from your surroundings.
• When approaching your car or home, have your keys ready so you can enter without delay.
• If you think you’re being followed, walk to the busiest place you can find or knock on a door. Then call the police.
• If you are attacked, shout for help as loudly as you can or shout for someone to contact the police. Use your personal attack alarm. Try to get to a safe place and call the police.
• If someone attempts to take something from you, consider letting them have it rather than risk being hurt.
• Consider taking self defence classes.

In your car

• Make sure your car is roadworthy and has enough fuel for your journey.
• Keep a torch in your car.
• Always lock the car while you are inside it.
• Don’t leave your bag, wallet or mobile phone on the passenger seat.
• Keep valuables out of sight.
• Park in well-lit, busy areas and consider the safest route back to where you have parked.
• If possible, park in police approved car parks displaying the ‘ParkMark’ logo. Visit www.parkmark.co.uk for further information.
• Check the interior of your car before getting in – particularly the back seat.
• If you are being followed do not stop and get out of the car. Lock the doors and drive to a busy place. Then stop the car, sound the horn to attract attention and use your mobile phone to call for help.
• Never give a lift to a stranger.

Avoid unlit, lonely areas and keep to well lit, busy streets
