The College Board shall not approve recommendations from Sub-boards of which there is not a representative present at the meeting, but may consider the Sub-Board's recommendations and determine conditions to be met before the recommendations can be approved by Chair's action.

38. The quorum for any meeting of the College Board of Examiners' Executive Committee will be the Chair and at least two other members.

Conduct of meetings

39. Meetings of the College Boards of Examiners and the College Board of Examiners' Executive Committee, and meetings of Sub-boards of Examiners held to determine recommendations on the final outcomes of course assessment and award classification, will take place at times specified in a schedule circulated at the beginning of each academic year by the Academic Registrar.

40. Only the following may attend meetings of Boards of Examiners:

(e) inspectors appointed under Act of Parliament for examinations leading to a registrable qualification.

41. Members of Sub-boards of Examiners shall have the right to see any item of work submitted by a candidate for assessment by the Sub-board.

42. The Chair shall ensure that a formal and detailed record is kept of the proceedings and lodged with the Academic Registrar within ten working days.

43. For meetings of Boards of Examiners held to determine final recommendations on course assessment, award classifications and student progression, the identity of candidates shall be withheld from those present until all decisions have been finalised.

44. Decisions of Boards of Examiners will be based only on candidates' work or marks arising thereof and evidence of extenuating circumstances submitted by candidates or found as a result of any investigations into teaching provision or the assessment process conducted by the College.

45. Decisions of Boards of Examiners will be arrived at by consensus, or by a majority vote of those members present and eligible to vote (i.e. Visiting Examiners and Internal Examiners). Abstentions will count as votes against the motion. The Chair shall vote only where there is no majority among other members.

46. Decisions on final awards must be based only on the outcomes of course assessment which have been moderated and confirmed by a Visiting Examiner in accordance with the provisions of paragraph 58, otherwise the decision will be deemed provisional and subject to confirmation by the Visiting Examiner(s) once confirmed marks become available.

Setting work and marking

Setting work

47. Each Sub-board of Examiners shall convene a sub-committee to be responsible for:

- (a) ensuring that examination papers are set as and when required, and that they are both fair and appropriate to the learning outcomes of the course;
- (b) ensuring that each examination paper and any associated marking schemes and sample answers are approved by a Visiting Examiner appointed to the Sub-board;
- (c) reviewing the potential for overlap between coursework and examination papers likely to be sat by any candidate in the same session and across the period of study;
- (d) obtaining copyright clearance as required for material reproduced in question papers;
- (e) ensuring the final accuracy of each examination paper;
- (f) lodging a copy of each examination paper with the Academic Registrar;
- (g) where appropriate, approving topics for projects, dissertations and presentations, and programmes for recitals and performances.

48. Sub-boards of Examiners shall draw up marking schemes at levels appropriate to the courses and awards within their purview and make these available to candidates.

49. Sub-boards of Examiners shall determine who may be present at oral examinations and assessed presentations and performances. Audio and video recordings of the examination may be made for the sole use of the examiners.

50. All those involved in the assessment process shall be responsible for maintaining the secrecy of question papers and associated marking schemes until the papers have been worked by the candidates, and for maintaining the security of any work submitted by candidates for assessment.

51. Where candidates are to be given foresight of the format or content of assessment, including questions in an open-book examination, arrangements must be made to ensure that all candidates have an equal opportunity to access the material at the same time.

52. It is a condition of the appointment of examiners and assessors that copyright of question papers and any associated materials prepared in relation to the appointment shall rest with the College.

53. Sub-boards of Examiners shall determine precisely the source materials to be used by candidates during each examination, making clear to candidates whether they must provide the materials themselves or use materials provided by the College, subject to the following conditions:

(a) candidates will not normally be given use of dictionaries to overcome any deficiency in their command of the English language;

(b) Sub-boards shall not commit the College to any financial expenditure without the prior approval of the Academic Registrar;

(c) calculators, where used during formal written papers, must be a model approved by the relevant academic department;

(d) candidates should be asked to provide materials only where it is reasonable to expect that they would be able to purchase them.

Marking

54. The identity of candidates will be withheld from those marking summatively-assessed work so far as is practicable until after the marking process is complete. The Faculty Dean may approve exemptions from this requirement, of which students will be informed.

55. Work submitted for assessment shall be marked using one of the following methods:

(a) single marking, where the work is marked by one Internal Examiner;

(b) single marking with sampling, where the work is marked in accordance with (a) above, except a second Internal Examiner also marks a sample of the work, which shall include all pieces of work which are given a mark of Fail by the first marker, in order to ensure consistency with the approved marking scheme;

(c) double marking, where the work is marked by two Internal Examiners, or by an Internal Examiner and an Assessor, who shall together agree a single mark for each piece of work;

(d) blind double marking, where the work is marked in accordance with (c) above, except the second marker shall not have prior sight of the comments of the first marker.

56. Any piece of work which contributes towards a candidate's award classification shall normally be assessed using one of the methods outlined in paragraph 55(b-d), except in the case of in-course assessments the form or timing of which renders this impractical.

57. Save in the case of formal oral examinations, presentations or performances, Visiting Examiners will not normally mark work. In exceptional cases, however, a Visiting Examiner will be asked to adjudicate where a first and second marker are unable to agree a single mark for a piece of work, even after reference to a third internal marker.

58. All final course outcomes shall be moderated by a Visiting Examiner, who shall have regard for matters such as the positioning of candidates at borderlines, the distribution of marks across the cohort and the award of Fail.

Publication of Results

59. Assessment outcomes will be released to students only after they have been confirmed by the appropriate Board(s) of Examiners, as follows:

Royal Holloway Regulations on the conduct of assessment 2014/15

(a) each Sub-board of Examiners will publish anonymised lists showing course outcomes (e.g. Pass, Fail), but not percentage results, after its final meeting at which these have been agreed;

(b) the Academic Registrar will publish anonymised award classification lists after the meeting of the College Board of Examiners at which these have been agreed.

60. Written confirmation of course outcomes, percentage results, award classifications and field of study may only be issued to candidates individually by the Academic Registrar.

61. Save for the exclusions in paragraph 62, provisional results may be released to third parties, such as funding bodies, employers and other education institutions, if the candidate's application to that party would be compromised by waiting until the results have been confirmed. In such cases, the third party will be apprised of the need to maintain confidentiality pending final ratification of the results.

62. Subject to the Data Protection Act, services such as the provision of transcripts, references and written notification of results will be withheld for candidates who are in debt to the College or the University of London.

63. Certificates of award for degrees of the University of London awarded by the College will be issued by the University of London.

64. Certificates of award for diplomas and certificates of the College will be issued by the Academic Registrar. The certificate shall state the name of the College, the title and date of the award, and where appropriate, the classification and field of study, and shall also carry the signature of the Principal.
