1. Introduction to the College and your Department

1.1 Welcome

Welcome to Royal Holloway! Royal Holloway, University of London (hereafter the College) is one of the UK’s leading research-intensive universities, with twenty-one academic departments spanning the arts and humanities, social sciences and sciences.

The College was ranked 173rd in the world and 27th overall in the UK in the Times Higher Education (THE) World University Rankings 2016/17 (published 21 September 2016). Sitting within the top 25 per cent of universities in the UK for research rated ‘world-leading’ or ‘internationally excellent’ by the Research Excellence Framework (REF) 2014, the College was also ranked in the top one per cent of 16,000 higher education institutions across the globe, in the 25th edition of The World List of Universities and Other Institutions. The College combines world-class research with a truly global perspective while at the same time offering a campus and community with an intimate human scale. As a student studying toward a research degree with the College, you will have the opportunity to learn from internationally renowned academics and researchers.

During the course of your time with the College, you will pursue independent research in your academic department. The College offers a number of research degree programmes, including
Master of Arts by Research, Master of Science by Research, Master of Philosophy (MPhil), Doctor of Philosophy (PhD), Doctor of Clinical Psychology (DClinPsy), Doctorate in Professional Studies (DPS) and Doctorate in Medicine (MD). Your successful progress will depend primarily on your own efforts, supported by your supervisors, but also by the research environment in your department and the quality of the research training you receive.

This handbook deals with aspects of research degree study that specifically relates to your Department. This should be read in conjunction with additional College documents as follows:

- The **Code of Practice for Research Degree Students and Supervisors** sets out good practice alongside additional information on policies and procedures that support the standards and expectations of the College. The Code is available via the **Academic Quality and Policy Office (AQPO)** webpage [https://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx](https://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx).

- The **Research Degree Regulations** set out the various standards that shape the regulatory framework of your research degree with the College. This includes a variety of essential information, ranging from admissions to academic progression and examination. The Regulations are available from AQPO via [https://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx](https://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx).

- The **Doctoral School** offers a range of information and advice to research degree students on subjects such as fees and funding or changes to your registration status. The Doctoral School website is a key repository for this information and will provide you with easy access to a variety of documentation and guidance that you may need during your studies [https://www.royalholloway.ac.uk/iquad/doctoralschool/homepage.aspx](https://www.royalholloway.ac.uk/iquad/doctoralschool/homepage.aspx).

### 1.2 Your registration status

Your registration status as a research degree student may change through the course of your studies with the College. For example, students who wish to study toward registration on a PhD are initially registered for an MPhil degree. Additionally, you may also elect to alter your mode of study from full-time to part-time or vice-versa.

You should consult the **Research Degree Regulations**, in the first instance, for further information on the College’s criteria for changes to registration status. The **Regulations** also contain important information on the timeframes within which the College expects students to complete the upgrade from MPhil to PhD as well as the required timeframe for completion of the degree itself.

### 1.3 How to find your Department

The Department of Geography is located in the Queen’s Building. This can be found on the College [campus map](https://www.royalholloway.ac.uk/ecampus/academicsupport/map/home.aspx) as building 35.

### 1.4 Map of the Egham campus

Please note, student parking is very limited and a parking permit is required, which can be obtained via Security. You will need proof of insurance and a suitable form of photographic ID before a permit will be issued.

1.5 Your Department

Welcome to our Department. The Department of Geography at Royal Holloway, University of London is one of the UK’s top Geography departments in terms of both research and student experience. We hope you will enjoy your time here as a key part of our community.

This handbook provides you with as much information as possible to help you during your time as a postgraduate in the Department. It should be used with the College Code of Practice for the Welfare of Postgraduate Students and the Research Degree Regulations (and for MA/MSc students your course handbook) as a guide to resources and procedures.

If you have any questions, please contact Ian Candy (Room 157) or Innes Keighren (Room 180) who are the Directors of Graduate Studies. The Department Manager Moya Watson (Room 160) or Liz Hamilton and Karen Oliver, the Postgraduate Administrators/Departmental Secretaries (Room 162), will also be able to answer general queries. Please also regularly check the main postgraduate notice board for new information about events, conferences and jobs. Incoming mail for you will be placed in the postgraduate post baskets in the post room (Room 163).

To help us contact you please let Liz or Karen know of any changes of address and please set up and use your college e-mail account as e-mail is our primary way of circulating information and getting in touch with you. Contact the Computer Centre to set this up and, if necessary, to arrange e-mail to be forwarded automatically from your college account to another e-mail address.
1.6 Research areas within your Department

The department is ranked joint 2nd in the UK (REF 2014) for research. The research in the department is focussed on the activity of three key research groups:

Centre for Quaternary Research
The CQR was established in 1990 and has grown to become one of the leading international research centres in Quaternary science. The aim of the CQR is to promote interdisciplinary research based on three themes of major importance for understanding Quaternary environmental change: 1) the dynamics of global change; 2) the human dimension of environmental change, and 3) advances in geochronology. Since its inception the CQR has attracted funding from an increasingly diverse range of sources (NERC, AHRC, ESRC, Leverhulme Trust, EC Framework Programs, British Academy). Major research partnerships and initiatives have been forged in the UK and overseas, which are fostering important advances in understanding Quaternary landscape evolution, abrupt climate change, quantitative palaeoclimate reconstruction, geochronology, biostratigraphy, Palaeolithic and environmental archaeology. The CQR has also benefited from recent £1.5M SRIF investment in laboratory refurbishment that has enhanced the centre's research capabilities in: OSL dating, tephrochronology, analytical chemistry, soil micromorphology and the analysis of varved sediments.

Geopolitics, Development, Security and Justice Group
GDSJ works on a range of vitally important issues across political, development and social geography and has interdisciplinary reach in its connections to international relations, development studies, anthropology, sociology, disaster studies; health and gerontology. We have also built interdisciplinary links across RHUL with the Information Security Group (ISG), Centre for Research into Sustainability (CRIS), the Centre for the GeoHumanities, and The ICT4D Collective. GDSJ's 20 academic researchers and 25+ PhD students are committed to research both in and across the Global North and Global South including the UK and Overseas Territories, the Arctic and Antarctica, South and Southeast Asia, and Latin America. GDJS organises a range of events including research theme and praxis workshops, 'brown bag' lunches and seminars. The group runs two MSc programmes; the MSc Geopolitics and Security and MSc Practising Sustainable Development.

Social & Cultural Geography Group
The Social & Cultural Geography Group (SCG) is an influential centre of research with 11 staff, 40 PhD students and 10 Masters students. We have a distinctive record of supporting innovative research in the humanities and the creative arts as well as the social sciences. The Group has pioneered collaborations with a variety of leading cultural institutions and provides a home for a vibrant postgraduate community. The research group organizes a lively programme of events, including seminars, workshops and field visits. The Group runs a well-established postgraduate workshop series, Landscape Surgery at Royal Holloway's centre in Bloomsbury. SCG has supported influential research projects on place, landscape and mobility, creative and collaborative geographies, transnational material cultures, visual cultures of exploration, print culture and travel, sacred spaces, multiculturalism and urban modernities. This group is home to a large and intellectually vibrant postgraduate community including 40-50 PhD students, many funded by national and international scholarships. In the period 2008-2013, 30 PhD theses were completed on a wide variety of topics. The Group also runs the successful MA in Cultural Geography (Research).

SCG has developed collaborations with a variety of cultural and heritage sector institutions, including the Science Museum, V&A Museum, National Maritime Museum, Museum of London, British Library, British Museum, Natural History Museum, Royal Botanic Gardens Kew and the RGS-
IBG. Furthermore, the SCG has pioneered collaborations with creative practitioners, as artists in residence, postgraduate researchers, research fellows and participants in AHRC-funded research projects.

2.6 Withdrawal of visa

If you are in receipt of a Tier-4 Student Visa sponsored by Royal Holloway, it is a requirement of your Visa that you attend classes and supervisory sessions and complete assessments. This is also a requirement of the College's academic regulations.

The College has a legal responsibility to report any student admitted to the College on a student visa who does not appear to be meeting the attendance requirements to UK Visas and Immigration (UKVI). Therefore if you fail to meet UKVI visa requirements and/ or fail to respond to informal and formal warnings from the College in this regard you could have your sponsorship withdrawn, your Visa cancelled and your registration with the College terminated. The termination of registration due to a breach in Visa requirements is conducted independently of the College’s formal warning process and the decision is not open to appeal.

Further information on visa and immigration information for current students is available from Student Services via https://www.royalholloway.ac.uk/ecampus/studentservicescentre/visas/home.aspx.

3 Annual review and upgrade

Although you will meet with your supervisor regularly during the academic year, your academic progress is formally reviewed at least once every twelve months, unless you have interrupted your studies, in which case the review will take place not more than two months after you have formally resumed your studies.

Annual reviews, and upgrades for students registered for an MPhil/ PhD, are conducted in a face-to-face meeting between you and a panel. As a minimum, your annual review will be conducted with at least one member of your supervisory team present plus one member of staff who is completely independent of your supervisory team. Where you are undertaking a review for the purpose of upgrading your degree to PhD, your panel will include a minimum of three members, with at least one member of your supervisory team and one member of staff who is completely independent of your supervisory team in attendance. A member of your panel may be present via video.
conferencing, with your prior agreement, in cases where there are extenuating circumstances that mean they are unable to be present in person.

It is important to remember that the upgrade from MPhil to PhD is not an automatic right. In the majority of cases a panel will indicate that they are satisfied with a student’s progress. In some cases, however, the panel may feel that the work presented does not meet the required standard for doctoral research. In such cases, the panel will likely decide not to permit the student to upgrade.

In the event that your first attempt to upgrade from MPhil to PhD is unsuccessful, your panel may permit you to have a second and final attempt which must take place within twenty-four months of full-time study or forty-eight months of part-time study. These periods are defined in line with the College’s Research Degree Regulations available online via http://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx.

At the end of your annual review/upgrade meeting your panel will fill in a Research Degree Student Review - Annual Review Form or Research Degree Student Review - Upgrade Form. This will detail the outcome of your review/upgrade and will provide you with an opportunity to add your own comments. Further information on annual reviews and upgrades along with the relevant forms is available online via http://www.royalholloway.ac.uk/ecampus/academicsupport/examinations/researchdegrees/upgrades.aspx.

3.1 Research Degree Student Deadlines

If you want the annual review or upgrade Panel to be made aware of extenuating circumstances that have affected your study you should submit your statement and supporting evidence to the Panel Chair within the deadline set by the department/school for the submission of material for the upgrade or review.

In the case of circumstances relating only to your performance at an upgrade or review meeting or the oral examination (viva), you should inform the panel members or examiners of the circumstances prior to the meeting or oral examination and submit the statement and supporting evidence within seven days to your department in the case of upgrade/review meetings and Student Administration (researchdegrees@rhul.ac.uk) in the case of an oral examination. You must submit the request in writing and ensure it is accompanied by appropriate supporting evidence, in line with the Instructions to Candidates available online via https://www.royalholloway.ac.uk/ecampus/academicsupport/examinations/examinations/home.aspx.

3.2 Your department’s annual review and upgrade process

Annual reviews and upgrades in Geography:

(i) Normally all postgraduate research students are required initially to register for the degree of MPhil, even if it is their intention to aim for the award of PhD. Before a student’s registration can be transferred from MPhil to PhD, a review must be carried out to ensure satisfactory progress

(ii) The review will be a face to face meeting conducted by a panel, comprising the supervisor(s) and adviser and another member of staff as observer. If the adviser is
unavailable for the meeting, the Director of Graduate Studies will attend instead.

(iii) The first attempt at an upgrade must be within the first 20 months for full time students, or 40 months for part-time students. University of London Regulations prohibit the transfer of registration to PhD after a student has already submitted an entry form for the MPhil examination.

(iv) In order to be considered for upgrading, the student must attend a formal meeting with the review panel, and submit work specified by the supervisor (this may vary depending on the nature of the research and the requirements of the supervisor) at least two weeks in advance of the meeting. Typical requirements would be:

(a) a substantial piece of written work with a bibliography;
(b) a report of work done, including a literature review, with a timetabled research plan for the next year / completion;
(c) any additional pieces of work that are required by the supervisor and appropriate to the research.

(v) The student must be issued with a written invitation to the review meeting that states the work that the student is required to present and the deadline by when it must be submitted. Students are urged to contact immediately their supervisors in person if they require further clarification about the nature and purpose of the upgrade procedure.

(vi) The Department will keep a written record of the meeting that will include:

(a) a copy of the work submitted by the student;
(b) a record of the student's completion of, or exemption from, the College Research Skills Programme;
(c) a copy of the notification form, together with any further written reports on the outcome of the meeting.

Full details of the regulations for the annual review/upgrade process are outlined in Section 9 of the Research Degree Regulations:
http://www.rhul.ac.uk/Registry/academic_regulations/Postgraduate_Research_Regulations.html#Reviews

At the end of the annual review/upgrade meeting the panel will fill in a Research Degree Student Review - Annual Review Form or Research Degree Student Review - Upgrade Form, which will be signed by panel members present at the review/upgrade, and will provide details of the outcome of this meeting https://www.royalholloway.ac.uk/ecampus/academicsupport/examinations/researchdegrees/upgrades.aspx You will be given an opportunity to fill in comments at the end of the form, should you so wish.

In most cases the panel will indicate that they are satisfied with a student’s progress and may also confirm that the student has successfully upgraded from MPhil to PhD, where relevant. However, in some cases the panel may feel that the work presented is not of the required standard. In the case of an upgrade, the panel may decide not to permit the student to upgrade at that time. Where work presented is unsatisfactory, details of the problems and the course of action to be taken will be noted in the Research Degree Student Review Form.
Additionally, the panel may decide that it is necessary to issue a formal warning. Details of the formal warning process, which could lead to termination of registration, are outlined in the Research Degree Regulations in the section regarding Termination of registration. https://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx. Further guidance is available on https://www.royalholloway.ac.uk/ecampus/academicsupport/formalwarnings/formalwarnings.aspx.

If you fail to upgrade from MPhil to PhD on the first attempt, the panel may permit you to have a second and final attempt, which must take place before the end of 24 months for full-time study or 48 months of part-time study.

Full details of the regulations governing the annual review and upgrade process are outlined in the Research Degree Regulations in the section on Reviews of academic progress https://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx.

4 Introducing your studies

The College's Research Degree Regulations permit you to interrupt your studies for up to twenty-four months (whether consecutively or otherwise) on financial, medical or personal grounds on the recommendation of your supervisor and Director of Graduate Studies. Any period of interruption will only normally be permitted on exceptional grounds and must be approved by the College Board of Examiners Executive Committee (CBEEC). Students are also entitled to request an interruption of studies for reasons of maternity, paternity or adoption leave.

In the first instance, please contact your department to discuss your interruption of studies. A request for interruption of studies must be submitted online on your behalf by your department using the required form via https://www.royalholloway.ac.uk/iquad/services/academicqualityandpolicyoffice/forms/pgrwaiver.aspx. It is essential that adequate supporting evidence is submitted with the request. For further information on supporting evidence, please refer to Appendix B of the College's guidance notes available online via https://www.royalholloway.ac.uk/ecampus/documents/pdf/exams/extenuatingcircumstances-guidanceforstudents.pdf. If you are still uncertain what evidence is suitable, please contact researchdegrees@royalholloway.ac.uk for advice. Where applications are submitted that lack adequate supporting evidence, it is very likely that they will be denied or subject to significant delays. The request will be sent to the Vice-Principal (Education) for consideration on behalf of the CBEEC and you will be informed whether the request has been approved or not.

It is essential that you contact your supervisor or department at the very earliest possibility, should you find that you require a period of interruption to your studies. Please note, a back-dated (or retrospective) interruption will only be considered on the most exceptional grounds and in cases where the interruption sought is for a very limited period.

4.1 Interruptions for students who are sponsored by the College on a Tier 4 visa

If you interrupt your studies and you are in receipt of a Tier-4 Student Visa sponsored by Royal Holloway, the College will withdraw its sponsorship for the duration of your interruption and you are obliged by the Home Office to leave the UK for this period. Before you return from
interruption, you will need to apply for a new visa. For further information on this process please refer to the Student Services webpage at https://www.royalholloway.ac.uk/ecampus/studentsservicescentre/visas/home.aspx.

In exceptional circumstances, and if your interruption is for a period less than sixty days, you may be permitted to remain in the UK during the period of interruption. To discuss the possibility of this 'authorised absence', please contact student-administration@royalholloway.ac.uk.

4.2 Interruptions for students funded by a Research Council or College Scholarship

It is essential that, prior to requesting the interruption, you check with your funding body whether the conditions of your scholarship permit you to interrupt your studies. For advice about this, please contact scholarshipadministration@royalholloway.ac.uk.

If you are funded by a Research Council and would like to request maternity leave or short term (up to 13 weeks) sick leave, please click refer to the Doctoral School webpage for further information https://www.royalholloway.ac.uk/iquad/doctoralschool/support/interruptionsforrcukstudents.aspx.

4.3 Your thesis deadline and status during an interruption of studies

If your interruption request is approved, your period of interruption will be added on to your thesis submission deadline (e.g. a student with a 22 September 2018 deadline who interrupts for 6 months would now have a new submission deadline of 22 March 2019). Please note, exceptions do apply where you are funded by a Research Council as below:

- Although the thesis submission deadline set by the College may be extended, it may not be extended by your Research Council. In such cases, the Research Council deadline takes precedence. If you have queries regarding this, please contact scholarshipadministration@royalholloway.ac.uk.
- If you have requested up to 13 weeks sick leave, your thesis submission deadline will not be affected by this period of leave.

During the course of your interruption of studies you remain a registered student with the College and are subject to College Regulations. Unless you are interrupting your studies on the grounds of maternity, paternity or adoption, or in exceptional circumstances relating to mental health conditions, you do not have the right to use College facilities or receive supervision during the period of interruption, other than occasional access to your supervisor by arrangement.

5 Submission of your thesis and your viva

As the thesis is nearing completion you will need to submit a formal entry to the final examination to the Student Administration Office. Full details on entry for the examination (or re-entry in the case of resubmissions), submission and examination of the thesis are available on Examinations webpage for Research Degree students http://www.royalholloway.ac.uk/ecampus/academicsupport/examinations/researchdegrees/students.aspx. Students should also consult the Research Degree Regulations for further details about, for example, the requirements of the thesis (word length), the conduct of the final examination, and possible outcomes of the examination http://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx.
5.1 Departmental guidance on your thesis and viva

Both the production of the thesis and the format of the viva will be carried out in accordance with college regulations (page 13 https://www.royalholloway.ac.uk/ecampus/documents/pdf/regulations/research-degree-regulations-2016-17.pdf). The nature of research within the discipline of geography varies greatly and college regulations take this variability into account (i.e. practice-based PhD projects), please speak to your supervisor or the Director of Graduate studies for advice.

5.2 Electronic submission of the final PhD theses

In order for your research degree to be awarded, an electronic version of your PhD thesis needs to be submitted to the College’s research information system, Pure. The College strongly recommends that you check the details of these requirements well in advance of submission as they contain important information on copyright and Open Access https://www.royalholloway.ac.uk/research/puresupport/ethesis/ethesis.aspx.

5.3 Random submission of theses to Turnitin

To help deter plagiarism, it is College policy to select a random sample of final research degree theses for submission to the plagiarism detection software, Turnitin, before the examination process is initiated. Exemptions are in place for theses covered by commercial confidentiality agreements. Turnitin reports are reviewed by the Director of Graduate Studies in your department. Should concerns be raised you will be notified by the department.

6 Preparation for the final examination

The College offers viva training for research student’s final examination with sessions run for students in Arts and Social Sciences, Science and Management, Economics, and Law. Further information on these courses is available via https://www.royalholloway.ac.uk/iquad/doctorschool/researcherdevelopmentprogramme/researcherdevelopmentprogrammecourses.aspx. This training is compulsory for research degree students.

6.1 Departmental viva preparation

The Geography Department does not hold any specific training courses on viva preparation, but practice sessions can be arranged with PGR student supervisors, or with the Directors of Graduate Studies.

7 Special arrangements for the annual review, upgrade or viva

If you have a disability, specific learning difficulty or impairment and wish to ask for reasonable adjustments to be made to the conduct of the final examination (viva) you should consult Section 16 paragraph (10) the Research Degree Regulations http://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx for details of how to make such a request. Should you need similar adjustments for your annual review/upgrade meeting, these should be discussed with your supervisor ahead of the meeting so that appropriate arrangements can be made.

8 Research Skills and Training
You should discuss your research skills training needs with your supervisor and adviser soon after you start your research degree and fill out the Research Student Training Log with details of courses that you should attend during the year. Further information and guidance can be found online via https://www.royalholloway.ac.uk/iquad/doctoralschool/researchskilstraining/researchskills.aspx.

8.1 Research Development Programme

The College’s Researcher Development Programme is a series of transferable skills courses designed for research students to help you to develop your skills alongside your research. Some of these courses are specifically designed to help students complete their research degree, while others help develop more general skills and enhance your employability. The programme is structured using the Vitae Researcher Development Framework. For further information please refer to their website at http://www.vitae.ac.uk/researchers/428241/Researcher-Development-Framework.html.

8.2 Teaching experience and training

Your Department may be in a position to offer you opportunities to undertake teaching and/or demonstrating opportunities. In the event that you are employed in a lead teaching role you are required to register for the College’s inSTIL programme (Programme in Skills of Teaching to Inspire Learning) http://www.royalholloway.ac.uk/registry/educational-development/prof-dev/instil-overview.html.

If you are teaching as part of a team, you may choose to do this programme but are not required to do so. You must be engaged in teaching at the same time as participating in inSTIL, as teaching observations are an intrinsic element of the programme. The inSTIL programme is worth 15 M level credits and counts as five days towards your skills training objectives. Further details on the programme are available via telephone on +44 (0) 1784 41 6337 or +44 (0) 1784 27 6250 or by contacting Educational Development at edc@rhul.ac.uk.

In the event that you are not engaged in teaching activities but would like to learn more about teaching in higher education, the College offers a series of ‘Introduction to Teaching and Learning in Higher Education’ workshop. Further information is available online via https://www.royalholloway.ac.uk/iquad/doctoralschool/researcherdevelopmentprogramme/researcherdevelopmentprogrammecourses.aspx.

9 Academic writing skills

The College offers courses on academic writing, which can count towards your skills training objectives. For further details on these courses and additional support that is available please refer to the Research Skills Training pages at https://www.royalholloway.ac.uk/iquad/doctoralschool/researchskilstraining/researchskills.aspx.

CeDAS will offer you additional support in the event that English is not your first language. These courses do not, however, count towards your training requirements. CeDAS also oversees the Royal Holloway Proofreading Scheme, which enables students to pay for an approved third-party proofreader to identify surface error in final drafts. Please note, the College does not permit the use of paid third-party proofreaders who are not part of this scheme. For further details, please refer to the CeDAS webpage www.royalholloway.ac.uk/cedas.
10 Students in need of support (including disabled students)

The College offers a high level of student welfare support which includes a comprehensive Health Centre, a highly regarded Counselling Service, dedicated educational and disability support, as well as a wealth of financial, career and other advice. Further details of each service can be found on the Help and Support pages at https://www.royalholloway.ac.uk/students/help-support/help-and-support.aspx

If you have a disability or specific learning difficulty, it is important that you bring it to the College’s attention as soon as possible. Your first point of contact for advice and guidance is your Disability & Dyslexia Services (DDS) representative in your Department (details below).

Name: Mike Dolton
Email: m.dolton@rhul.ac.uk
Phone: 01784-443575

Please also contact DDS directly via disability-dyslexia@royalholloway.ac.uk or 01784 276473.

11 Plagiarism and other academic offences

The College takes the issue of plagiarism and other assessment offences extremely seriously. The College defines what constitutes an assessment offence (e.g. plagiarism, collusion, falsification) as well as the procedures to be followed for the investigation of an alleged assessment offence and possible outcomes in the College’s Regulations on Assessment Offences http://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx.

12 Appeals and Complaints

In the event that you wish to submit an appeal or a complaint please refer to the Code of Practice for Research Degree Students and Supervisors and the Research Degree Regulations. Both of which are available online via https://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx.

Further information on the College's appeals and complaints processes is available here: https://www.royalholloway.ac.uk/iquad/services/academicqualityandpolicyoffice/home.aspx.

12.1 Appeals

By submitting an academic appeal, you are making a request for a decision made by the College relating to your academic studies or academic progress to be reconsidered. This must be done within 15 working days of the date on which you were formally informed about the decision either through Campus Connect (e.g. for end of year assessment results) or by letter (e.g. annual review, upgrade, final viva examination). This can include reference to a past complaint made and investigated.

Please note, only the following can be investigated through the appeals process:

- The outcome of Boards of Examiners, such as the outcomes of coursework or examinations, academic progression, degree classification or degree award, and termination of
registration by the College Board of Examiners. This includes decisions made by an upgrade panel or an MPhil/PhD viva panel.

- Termination of registration on academic grounds through the formal warning procedure
- Penalties applied for examination and assessment offences
- Reconsideration of requests for exam access arrangements
- A decision made by a Fitness to Practise Panel

In the event that you wish to submit an academic appeal, please refer to the following guidance: https://www.royalholloway.ac.uk/ecampus/academicsupport/academicappealsandcollegecomplaints.aspx.

Further information on the appeals process is also available in the Sections 21 and 22 of the Research Degree Regulations. It is essential that you refer to this in the first instance as it outlines the grounds upon which an appeal against an academic decision may be submitted http://www.royalholloway.ac.uk/ecampus/academicsupport/regulations/home.aspx.

12.2 Complaints

A complaint is where, as a result of your experience at the College, you feel dissatisfied about the provision of services or facilities and would like your concerns to be investigated. Your concerns may be investigated under the Complaints Procedure for Students but normally only within three months of the incident or action being complained about.

If you have a complaint relating to any aspect of the Department or its staff or to any academic or College matter, you should first discuss it informally with your Supervisor(s), Advisor, Director of Graduate Studies or another member of staff in the Department as soon as possible. In the majority of cases complaints can be resolved through such an informal route. In those cases where the complaint cannot be resolved in this way, you may want to submit a formal complaint. Full details of how to pursue complaints through both informal and formal routes are set out in the College's College Complaints Procedures for students http://www.royalholloway.ac.uk/ecampus/academicsupport/complaints/complaints.aspx.

Where you have submitted an academic appeal and your grounds for appeal are effectively dependent on the outcome of the complaint, the College may determine that the nature of your appeal requires investigation under the Complaints Procedure first. In this situation your case will be referred to the College Secretary's Office. You will be notified of this and provided with further guidance. Please note, in such cases your appeal investigation will be delayed until the complaint investigation is complete. The College will endeavour to complete these processes as quickly as possible; however, a thorough investigation takes time, so the College strongly advises that you continue to make plans on the basis that your appeal is unsuccessful.

For further information on the complaints process, please refer to the AQPO webpage https://www.royalholloway.ac.uk/ecampus/academicsupport/academicappealsandcollegecomplaints.aspx.

13 Student Charter

The College aims to bring all students into a close, harmonious relationship with each other and with the wider community. The Student Charter outlines how you can support the College in achieving these goals and also seeks to encourage you to act as an effective ambassador for the College, during your time as a student and later as part of the College’s alumni.
This Charter is not intended to constitute a binding agreement but is offered as a framework of aspirations, designed to be of benefit primarily to you as a student and to underpin the College’s aim of ensuring that you have a highly enjoyable and rewarding experience during the course of your research degree. You can find further information about student life online here http://www.royalholloway.ac.uk/studentlife/home.aspx.

As a research degree student you will also be asked to complete the College's online feedback questionnaire for research degrees. This internal survey is conducted every two years, and is available to complete online from early April until mid-May. It is important that you take the time to complete this questionnaire as it is often a requirement for your annual review or upgrade. Each alternate year, the College also takes part in the national Postgraduate Research Experience Survey (PRES).

14.5 Careers information

The College has a Careers & Employability Service, housed in the Horton Building, which is open to any student during normal College hours. [http://www.royalholloway.ac.uk/careers/home.aspx](http://www.royalholloway.ac.uk/careers/home.aspx).

15 Health and Safety Information

15.1 Code of practice on harassment for students

The College is committed to upholding the dignity of the individual and recognises that harassment can be a source of great stress to an individual. Personal harassment can seriously harm working, learning and social conditions and will be regarded and treated seriously. This could include grounds for disciplinary action, and possibly the termination of registration as a student.

The College’s Code of Practice on Personal Harassment for Students is available online via [http://www.royalholloway.ac.uk/ecampus/onlinestudenthandbook.aspx](http://www.royalholloway.ac.uk/ecampus/onlinestudenthandbook.aspx) and should be read in conjunction with The Student Disciplinary Regulations and The Student Complaints Procedure.

15.2 Lone working policy and procedures

The College has a ‘Lone Working Policy and Procedure’ that can be found at [http://www.royalholloway.ac.uk/iquad/services/healthandsafety/policiesandprocedures/loneworkin](http://www.royalholloway.ac.uk/iquad/services/healthandsafety/policiesandprocedures/loneworkin)
The principles and guidance around lone working are often highly applicable to the nature of postgraduate research and the variety of activities this might involve. As such, awareness and planning around any lone working you may be required to undertake are essential.

Lone working is intended to cover all work proposed to be undertaken alone where the risk to the lone worker may be increased either by the work itself, or by the lack of on-hand support should something go wrong.

Lone working can occur:

- During normal working hours at an isolated location within the normal workplace.
- When working outside of normal working hours.

Under either of these circumstances, the College’s guidance on lone working on campus will apply. Normal working hours are defined as:

**During Academic Terms: Monday – Friday 08:00 – 18.00**
**Outside of Academic Terms: Monday – Friday 08:00 – 17.00**

Work undertaken at weekends, bank holidays and when the College is closed (i.e. discretionary days) will be considered outside of normal hours.

Any health and safety concerns should be brought to the attention of the Departmental Health and Safety Coordinator or the College Health and Safety Office. It is likely that most activities will take place on College premises. However, the principles contained in the above section will apply to students undertaking duties off campus.
