## ANY OTHER NEWS

### Summer Maintenance Works

- 1) From 1 July 05 - 5 Aug 05: re-roofing of Queen's Building, which will affect the back and Loading-Bay side of the building (outside of building and in the Quad). During this time there will be no parking in front of the building or in the Loading Bay. You should take extra care around areas where work is being carried out.
- 2) From 1 Aug 05 to 31 Aug 05: Disability Access Works will involve the replacement of the front door, the upgrading of the disabled toilet, and the upgrading of the lift. Access to the building will be via the Loading Bay doors. A temporary card swipe will be installed to allow out of hours access.
- 3) The external painted areas (i.e. wooden plinths) of Munro Fox will be done sometime in July. Painting in Queen's is still under negotiation!
- 4) SRIF3 works, if approved by HEFCE, are likely to commence in late July/August, but should cause little disruption to most of the department.
- 5) Other work around campus: currently works are taking place on Bourne (for up to 2 years), Runnymede Halls (upgrade), Wolfson (painting), and re-routing of data-cabling across campus. Work will begin directly on the 400 seat lecture theatre (opposite college shop), and not long thereafter the 100 seat lecture theatre outside Management. You should take appropriate care when negotiating these areas of the campus.
