

Department Geography

COURSE OPTIONS FOR VISITING STUDENTS

ABOUT THE DEPARTMENT

The Geography Department is one of the world's leading centres for geographical research and training. It has an outstanding reputation for offering a wide variety of exciting and accessible courses which may readily be combined with subjects from other disciplines. The range of courses on offer below reflects the breadth of the subject, from human geography to physical science. The Department offers particular specialism in the study of globalisation, development studies, environmental change, modern cities, consumerism, geopolitics and environmental management, as well as regionally focussed courses including Latin America, China and the Caribbean. As well as the academic programme, the student-run Geography Society organises regular events and has been recognised by the Student Union as the 'Most Sociable Society'.

ENTRY REQUIREMENTS

Level 1 courses have no specific prerequisites but a background in Geography can be useful for Level 2 and Level 3 courses. All courses are open to all Study Abroad, International Exchange and Erasmus students. However, as students interested in Geography courses have diverse backgrounds, each application is assessed on its own merits.

Term 1 = Autumn Term

Term 2 = Spring Term
