

The Faculty of Science

Department of Psychology

COURSE OPTIONS FOR VISITING STUDENTS

ABOUT THE DEPARTMENT

The Department of Psychology is an international centre for excellence in research, ranked in the top 10 in the UK *Research Assessment Exercise 2008* and ranked 2nd of all UK psychology departments in terms of undergraduate student satisfaction in the *National Student Survey 2008*. As one of the strongest Psychology Departments in the country, gaining admittance onto courses can be difficult as Visiting Student applications are judged alongside degree-seeking students. Students are expected to carry out advanced independent reading and their own independent research.

ENTRY REQUIREMENTS

Courses in the Department of Psychology are open to all Study Abroad, International Exchange, and Erasmus students, provided previous experience in and knowledge of Psychology can be evidenced. Owing to the popularity of Psychology courses and limited classroom capacity, we are currently only able to offer **courses to Visiting Students who are Psychology Majors or Minors**. We would like to take this opportunity to remind applicants that first year courses at UK universities can generally be considered as roughly comparable to 200 level courses in the American university system, or requiring at least 1 full year of previous study of Psychology at another institution.

Term 1 = Autumn Term

Term 2 = Spring Term

The information contained in the course outlines on the following pages is correct at the time of publication but may be subject to change as part of our policy of continuous improvement and development.

Course Descriptions can be found on the Psychology Department webpage here:
