- (1) The above table is a guide to the minimum stock of first aid items where no special risks arise in the workplace.
- (2) Any additional first aid materials and equipment identified to be necessary from the risk assessment process must be approved by the Health and Safety Office.
- (3) Boxes should be checked at least monthly to ensure that they are fully equipped and that all items are usable and within their use by date.

**REPLACEMENT FIRST AID SUPPLIES CAN BE ORDERED FROM THE
COLLEGE HEALTH CENTRE**
