Student visa checklist – entry clearance

- Complete the online application form for your Student visa: [Access UK](#)
- CAS (this will be sent to you electronically to the email address you have provided to the College)
- Current valid passport and all passports used to travel to the UK (or other documents if applicable, i.e. travel documents/emergency travel documents)
- Your Biometric Residence Permit (BRP) *(if you already hold one)*
- Your Police Registration Certificate *(if you already hold one)*
- TB test certificate *(if applicable - students from some countries are required to have a TB test as part of their visa application process; to find out if this applies to you, visit the Home Office’s website on Tuberculosis)*
- Evidence of your academic qualifications as listed on your CAS *(if applicable)*
- Evidence of your English Language proficiency *(if applicable, you may be exempted - your CAS will state how we have assessed your English Language proficiency; you must submit the evidence written in your CAS)*
- Financial evidence – you must be able to show that you have held living costs in an account for 28 days consecutively prior to the date of application (£1,334 per month of study up to a maximum of 9 months (£12,006) plus tuition fees as shown on your CAS)

If you are self-funded: you will need to demonstrate the total funds using a document no older than 1 month. You can prove that you have held the funds using a bank statement, a letter from your bank, or a certificate of deposit. These documents must be on the bank’s headed paper and must usually be signed/stamped. As an example, a bank statement must usually include as a minimum:

- The name of the account holder
- The full account number
- The Bank’s name and logo
- The amount of money available

If you are sponsored by a parent or legal guardian: you will need to demonstrate the funds as above, but by using a bank statement from your parent(s)/legal guardian(s) (please note only parents or legal guardians can act as familial sponsors).

You must also provide:

- A sponsor letter written by the account holder confirming that they give permission for the funds to be used for your visa application & study period
- Documentation proving the relationship between the account holder (s) and you (usually birth certificate)

Whilst the International Student Support Office makes every effort to check and submit your application it is your responsibility to ensure that you meet the requirements for a Student visa.
