

Flexible admissions for undergraduate entry 2022

If you hold an offer to begin a course at Royal Holloway in September 2022, or defer your place to September 2023, we guarantee to confirm your place when results are published in August 2022, even if one of your final A-level grades is one grade lower than the offer which was made to you through UCAS. Flexibility equivalent to one A-level grade also applies to offer-holders who achieve alternative qualifications, such as IB, BTECs, Scottish Highers, Welsh Baccalaureate, or other international qualifications.

Please note some exceptions apply, and these are listed below.

Applies to applications made by 4 July 2022.

If you are studying for A-levels, please use the table below to identify what this means for you.

If you are studying for non A-level qualifications, please [contact us](#) and we will be able to confirm the equivalent grades at which we will accept you.

Grade on your offer letter	Grade combinations we will accept once you have received your results
AAA	AAB
AAB	ABB or AAC
ABB	ABC or BBB
BBB	BBC
BBC	BCC or BBD
BCC	BCD or CCC

Specific situations:

EPQ: If your offer is subject to achieving an EPQ, the guarantee of one grade below applies to your main A-level subjects and not the EPQ.

If your offer is based on joint BTEC/A-Level study, the guarantee of one grade below refers to the A-level(s) being studied.

Please note:

This guarantee excludes our Integrated Foundation Year and International Foundation Year courses.

Where one or more subject-specific requirements are included in your offer, you will still need to achieve these grades.

- *For example, if your offer for BSc Mathematics requires you to achieve an A in Maths at A-Level, you will still need to attain an A grade in Maths. You could achieve one grade lower in one of your other subjects, and be guaranteed your place on results day.*

If your offer contains an English Language requirement, please note that these requirements remain fixed and must be attained.
