

COP26

It's your time to **negotiate**

Monday 1st November

Join our mock climate summit to experience what it's like to negotiate a climate deal and address one of the greatest human and environmental challenges this century.

Using the C-Roads simulation model, players will be assigned a team acting as one of six world nations to enact policy decisions until a scenario of $<2^{\circ}\text{C}$ warming is achieved.

**Boilerhouse
Auditorium**
4 - 6:30pm
