| Full-time or Part-time: |

Eligible students must meet the following criteria:

- Must be a UK national or EU/EEA/Swiss national who is ordinarily resident in the UK other than for the principal purpose of education.
- Be undertaking the MSc In Information Security and not undertaking any other forms of formal education.
- Not previously held employment as a cyber security professional (cyber security was not a significant part of any previous job function – i.e. less than 50% of a previous job role).
- Have not previously been awarded a bursary under the DCMS Cyber Security Postgraduate Bursaries Scheme
- Is applying with a clear and demonstrable intention to retrain to become a cyber security professional in the UK.
- Do not have unspent criminal convictions relating to cyber-security/fraud.
- Be able to start the campus MSc programme during the Autumn 2018 term.

I confirm that I meet each of the above criteria: YES / NO

If you don’t quite meet the criteria, please provide some extra detail:

In selecting the students for the bursary, DCMS have identified that the scholarship is aimed at
- Encouraging and supporting general IT practitioners looking to specialise in cyber security, and
- Encouraging women into the cyber security profession because there is evidence of underrepresentation of women in the profession. Bursaries should as much as possible encourage a diverse range of demographics to participate on the course.

In the box below, please describe anything of relevance with respect to the above factors.
Successful applicants will be required to provide an up to date basic check (a criminal conviction certificate) in order to be awarded the bursary. These are currently available from Disclosure Scotland (https://www.mygov.scot/basic-disclosure/overview/).

I confirm that all of the above details are true. Furthermore, if am successful with my bursary application, I confirm that I will engage fully with my MSc studies.
