FORMAL BUSINESS

1. MEMBERS ATTENDING THEIR LAST MEETING  
NOTED members for whom it was the last meeting of Council. Natasha Barrett, SU President, and Emilie Ancelin, Student Representative, were thanked for their contribution to Council after two years in post.  

2. MINUTES  
CONFIRMED and SIGNED the minutes of the meeting held on 25 April 2018 (M18/87-M18/131) and 6 June 2018 (M18/132-M18/150).  

3. MATTERS ARISING FROM THE MINUTES  
NOTED the special meeting of Council on Friday 6 July at 11am in the Large Board Room for consideration of the appointment of the next Chair Council.  

4. REGISTER OF INTEREST  
NOTED members were invited to indicate if they had a conflict of interest, not previously declared, with an item on this agenda. There were none.
5. **UNSTARRING OF ITEMS**
   None

6. **PART A: MAJOR ITEMS OF BUSINESS**

   6. **STUDENTS’ UNION**
      RECEIVED the annual report of Students Union Activities (CL/18/37) in compliance with the 1994 Education Act. The report provided an update on the work of the Students’ Union in 2017/18 which was in its second year of operation under the new strategic plan and operating model. Key themes of the report included Improving students’ education, Making the Campus fun, Wellbeing, Employability and Empowering students to change the world around them.

      THANKS were given to all outgoing Sabbatical officers for their work this year, and best wishes for success in the future.

   7. **PRINCIPAL’S REPORT**
      7.1 NOTED the report from the Principal (CL/18/38) which considered a range of sector and College developments that impact the direction and operation of the College as well as some of the operational risks facing the College in implementing its strategy.

      NOTED that the higher education landscape was now very different compared to the time of drawing up the strategic plan in 2011/12, and consequently some parts of the operating model were no longer fit for the future.

      NOTED that initial consultations with Council members, academic and professional services departments had started in order to develop a revised strategy for 2019-2025. A series of projects were also underway to address effectiveness and efficiency under the banner *Fit for the Future*. Council NOTED the summary of the projects which, at this time, were part of a vision of options under consideration.

      NOTED that documents for registration with the OFS had been lodged within the relevant deadline and feedback and confirmation of the College registered status was awaited.

      NOTED the senior personnel changes and the review of the relationship between the academy, senior team and professional services to find ways to deliver greater engagement and accountability of the academy in decision-making processes. To allow time for consideration of the recommendations, interim appointments of Acting Deans would be made for the academic year 2018/19.

      NOTED the report of league table performance which showed Royal Holloway’s ranking continued to improve. The Guardian Good University Guide placed the College as the second fastest riser and in the top 50 institutions for 2019.

      NOTED that the most challenging metric continued to be graduate employability partly because of our subject mix. However at 73.3% graduate employability continued to rise. The Longitudinal Educational Outcomes (LEO), now in its second year of reporting, placed the College 18th in our sector for average earnings five years after graduating.

      DISCUSSED the review of the make-up of the College undergraduate population to identify the changing profile of students in order to support every students’ success. NOTED the development starting in 2018/19 of the Student Success Strategy.

   7.2 RECEIVED an oral update on the Gender Pay Gap NOTING that the current issue was an imbalance in the number of men in the most senior positions in the College rather than evidence of men and women being paid differently for the same work. This year’s academic
promotion round resulted in more women being promoted than men (53%:47%) and 7 women being promoted to Professor out of 8 successful professorial promotions.

NOTED that work was ongoing to develop the action plan following the first publication of the College Gender Pay Gap on 7 March 2018 and this would be reported to Council in due course.

NOTED as discussed at the April meeting of Council, that work was underway to create a separate system to manage student employment on campus which would complement the employability programme and career planning. It would also allow closer control of the student 20 hour maximum working week and provide College with reassurance of UKVI compliance.

7.3 RECEIVED an update on student recruitment for 2018/19 (CL/18/39) and NOTED that the UCAS national picture was a 2.5% reduction in undergraduate applications compared to our slight increase in undergraduate applications year on year. A higher number of offers had been made and the number of acceptances (unconditional firm or conditional acceptances) was up from 19.3% to 20.7%. This was the result of the hard work of all of those involved in student recruitment.

NOTED Postgraduate taught applications were higher than in previous years, and work was focussed on rebuilding the marketing and converting the applicants to firm acceptances.

8. ACADEMIC STRATEGY
NOTED the report of progress with the development of the Integrated Academic Strategy including the End of Academic Year Report for Research Developments and the Year End Report of the Teaching and Learning Committee (CL/18/40).

9. FINANCE
9.1 RECEIVED an update on progress of the residences transaction (CL/18/41) which Council had agreed should proceed at its meeting in July 2017.

NOTED that initial bids had been received and College was currently in dialogue with bidders before inviting final bids and progressing towards completion of an agreement that was anticipated for the last quarter of 2018.

NOTED a report from the College financial advisers, QMPF, on the financial impacts of the transaction. It was anticipated that the transaction would deliver a capital receipt of c. £60m in lieu of foregoing an average annual cash surplus of £2.9m over the life of the contract. On this basis the cost of capital was 5.6%. The alternative option of borrowing to create financial capacity had already been considered by Council at its meeting in July 2017 and was discounted when Council had made the decision to pursue the residences transaction.

NOTED that Council would receive, for approval, the final proposal of the details of the transaction before completion and this would include a full risk assessment.

9.2 RECEIVED a report on the Current Year to 30 April 2018 and 2017/18 Forecast.

NOTED the report on the current Year to 30 April 2018 and the operating surplus (before FRS102 Adjustments) of £2.9m, which was £0.4m higher than budget.

NOTED the full year forecast surplus for 2017/18 (under FRS102) at 30 April 2018 was £3.6m, £0.3m better than January 2018 but still £4.6m worse than budget. The main variances were due to lower than budgeted income from student recruitment and one off residential accommodation voids. Lower income was partly offset by expenditure lower than budget. Potential areas for variance to the year end forecast were identified which forecast a plausible range of surplus between £2.0-5.9m.
RECEIVED the 2018/19 Budget and Office for Students Financial Forecast submission to 2022/23 (CL/18/42b) including the comparison of the 2018/19 budget to the 2018/19 forecast that Council approved in the 5 year financial plan submitted to HEFCE in December 2017. The forecast was for a surplus for 2018/19 before gains and losses of £8.6m, 4.5% of income. The current budget showed a deficit before restructuring and other gains and losses of £0.8m, a decrease in surplus of £9.4m.

CONSIDERED the changes in the sector, in particular the level of competition and the financial challenges that contributed to the reduction in the surplus. Whilst the long term aim was to continue to grow the number of students, in the short term the priority was to reduce expenditure and protect cash balances whilst continuing to ensure a significant level of capital expenditure.

NOTED the summary budget showed a surplus before fee provision, restructuring and other gains and losses for 2018/19 of £0.2m compared to the 2016/17 forecast surplus of £3.6m.

NOTED the key assumptions and significant risks to the 2018/19 budget with tuition income being the main risk. If there were a material shortfall in student numbers urgent action would be taken to protect the budget cash position.

NOTED the budget included a tuition fee provision of £1.0m to mitigate the risk of under recruitment of PGT students in addition provision of £3.0m for restructuring costs.

NOTED that the USS Pension budget deficit was an additional risk to the budget. An addendum to the 2018/19 Budget (CL/18/42b) was provided to update Council on the latest information from the USS Trustee Board which proposed to increase employer’s pension contribution from April 2019. The current proposal indicated an increase in excess of the 1.3% increase currently included in the 2018/19 budget and would also implicate contribution cost increases for individual staff members that would have an adverse impact on net take home pay. NOTED that the latest cost increases proposal might be regarded as the worst case scenario and actions were considered that would mitigate the impact of such a proposed increase in employer’s contribution should they be enacted at the level currently indicated.

APPROVED the budget for 2018/19 and to submit the financial forecasts to the Office for Students.

10. AUDIT COMMITTEE
10.1 RECEIVED a report outlining the College preparations for achieving compliance with the General Data Protection Regulation (GDPR) including tasks completed, identified areas of work to be addressed and requirements from the Audit and Compliance Committee. (CL18/43)

NOTED that a great deal of work had been completed but there was more to be done and the consequences of non-compliance had not yet been tested.

10.2 NOTED the conduct and completion of the audit tender process and award of the contract to Deloitte as the College Internal Auditor on 9 May 2018. The new contract commenced on 1 June 2018 for a period of 3 years plus 1 plus 1. (CL18/44)

11. HONORARY AWARDS 2019
11.1 RECEIVED and APPROVED the nominations for the award of four honorary degrees of the University of London (CL18/45) which had been agreed by Academic Board and cleared by the University of London for award in 2019.
11.2 RECEIVED and APPROVED the nominations for the award of five honorary fellowships of the College (CL/18/46) for award in 2019.

NOTED that nominees for honorary fellows and honorary degrees were not aware that they had been proposed, and Council were asked to ensure confidentiality.

12. COUNCIL

12.1 CONSIDERED the membership of Council (CL/18/47) and APPROVED the recommendation from Council Executive Committee to appoint Mr Alistair Buchanan as an independent member of Council with effect from 1 August 2018.

NOTED two remaining vacancies for independent members of Council.

NOTED that elections would be conducted to fill staff vacancies on Council.

12.2 APPROVED the appointment of Mrs Elaina Moss as Deputy Secretary to Council. (CL/18/48)

12.3 RECEIVED an update on progress with the Scheme and University title (CL/18/49) NOTING that we continued to seek updates from DCMS and Charity Commission as to how the Scheme might be progressed and that a response was still outstanding.

NOTED the progress of the University of London Bill had been delayed from the 14 June 2018 and was now expected to receive its second reading in the first week of July. College remains a part of the group application for University title which was now unlikely to progress until the latter part of 2018.
