Animal Clues Worksheet

Look at the picture, can you see any clues? You might need a magnifying glass to help you.

Fill in any symbols you can see below and identify which animal they represent using the guidebook. Write the name under each symbol.

..........................................
..........................................
..........................................
..........................................
..........................................
..........................................

Now write the first letter of each symbol in the spaces below:

__ __ __ __ __ __

Now solve the anagram to reveal the murderers name!

The murders name is:
