- ✓ **Cardboard** (flattened)
  
- ✗ **Any other plastic**
- ✗ **Glass**
- ✗ **Cups**
- ✗ **Food wrappers**

If you have any issues and are in an academic building please contact:  
[accommodation-services@rhul.ac.uk](mailto:accommodation-services@rhul.ac.uk) or T: 01784 443060

Royal Holloway  
University of London

### **Do I still need my treehugger?**

Yes, you can still use your treehugger but it should now be emptied into your new mixed recycling bin.

### **What do I do with my banana skins / apple cores?**

At the moment food waste should be put in kitchen or pantry bins which are emptied daily. You may wish to keep a small container on your desk for these items and empty it periodically, for example when you get up to make a drink, go to a meeting or to the toilet.

### **What contribution will this scheme make to reducing the College's carbon footprint?**

About one sixth of our carbon emissions come from the amount of waste we send to landfill. Recycling diverts waste away from landfill and will help reduce our carbon footprint.

### **What if I have mobility issues?**

If you are concerned about accessing your nearest waste and recycling point please contact: [accommodation-services@rhul.ac.uk](mailto:accommodation-services@rhul.ac.uk) or T: 01784 443060

### **To find your nearest waste and recycling point:**

- Look at the directory at the entrance to your building
- Ask your Departmental Administrator or Technical Operations Manager

### **If you have any other questions please contact:**
