

Community Action Project

Volunteer Mentors

Community Action Partner

sported.

Aim: sported. is a new charitable organisation which provides funding and capacity building services to the voluntary and community sports sector. We offer one to one support to as many of our members as possible through Volunteer Mentors.

Role: This volunteer opportunity offered by sported. is integral to the work of the charity developing community sport within disadvantaged communities. Volunteers are provided with an exciting project management and sports development opportunity through being placed with a community organisation or group where they provide individual support and guidance. The role you would provide includes:

- One to one support in a range of areas including: Business planning, Policies and procedures, Financial management, HR, Monitoring and evaluation and networking with sport governing bodies and agencies.
- Support in fundraising - through supporting applications to the sported. grant scheme and making applications to external grant sources.

Training: Training is provided by sported. on enquiry into the project.

Location: Surrey wide

Times: Volunteer opportunities are flexible, with a fairly small expected time commitment of one meeting every 2-3 weeks and with meetings being arranged jointly by the volunteer and supported organisation we are able to accommodate individuals with only limited availability. Individuals with greater availability are able to take on more intensive placements or work with multiple organisations.

CRB: A CRB disclosure is required via the Community Action office.

Application: All volunteers must be registered as Community Action volunteers. To do so, visit <http://www.rhul.ac.uk/volunteering/register.html>
